

THIS AUTHORIZATION AFFECTS ONLY THOSE PLOTS WITH HOST VEGETATION OF  
Xylella fastidiosa multiplex subspecies

Mr./Mrs./Miss

With DNI and address

and contact phone number

Delete and write the correct data, if applicable:

as the owner and/or representative of the property which is located in a CADASTRAL  
REFERENCE, MUNICIPALITY ETC.

I DECLARE that all data and information contained in this authorization is true.

I acknowledge to have been informed of the tenth update of the situation of the Xylella fastidiosa plague (Wells et al.), declared by resolution of 25 March 2019 of the director-general for Agriculture, Livestock and Fisheries of the Conselleria d'agricultura, Medi Ambient, Canvi Climatic i Desenvolupament Rural, concerning the adoption of phytosanitary measures against xylella fastidiosa, and that the said plot is wholly or partially included within the radius of 100 m around the infected vegetation defined by the aforementioned resolution.

Therefore, I AUTHORISE access to the technicians from the Plant Health Service of the Conselleria d'agricultura, Medi Ambient, Canvi Climatic i Desenvolupament Rural, and the company TRAGSA for the destruction in situ of the vegetation in accordance with the above-mentioned Resolucion, the Law 43/2002 on Plant Health, and the decision of realisation (EU) 2015/789 of the Commission 18 may 2015, on measures to prevent the introduction and spreading within the Union of Xylella fastidiosa (Wells et al.).

In addition, to undertake preventive plant health treatments for plant material left undiscovered on the plot.

I Authorize the destruction in situ of the host vegetation of the Xylella fastidiosa multiplex subspecies within 100m around the vegetation declared infected.
